## Description of Services:

**W a** This program provides full-day gifted services to qualifying students. The program consists of only gifted identified students, where they receive instruction from a gifted trained instructor. Please see [www.dvusd.org/giftedpreschool](http://www.dvusd.org/giftedpreschool) for more details. Application is required.

**bb b U bUb U** All gifted identified students are placed in a full-day, gifted classroom with a highly qualified, gifted endorsed teacher. Program application is required.

The gifted cluster program provides full-day gifted services to qualifying students. Students are grouped together in the same classroom, and are taught by a gifted trained teacher with direct classroom support from the Gifted Specialist.

**K U d c AU** Quantitatively gifted students as well as those who test above grade level on school placement exams are a higher grade level. This can happen in the classroom or in a walk-up model where qualifying students are clustered together and placed in the above grade level's math class for instruction. Students needing math instruction at the 8<sup>th</sup> grade level or higher, are able to take their class with Deer Valley's online school (ASPIRE) and receive support for our teachers too.

**G b W a b** This Language Arts and Math program is for gifted students who are identified in those areas. Though each school adapts this model to best meet the needs of its students and community, the SAGE program generally serves grades 3-6. All identified students meet daily in the SAGE classroom in lieu of the general education classroom to receive their instruction in English Language Arts and/or Math from the school's Gifted Specialist.
